Last updated: 27-08-2025

**Bonus Availability** Each bonus is available only once per person, family, household, address, email address, credit card number, bank account, phone number, device/computer, and/or IP address, unless otherwise stated in the promotion description.

Welcome bonuses are reserved exclusively for new users who open an account on the site, who have not previously held an account or received a welcome offer. Some bonuses must be manually activated within the account, usually after making a deposit.

**Bonus Management** The bonus amount will be credited to a Bonus Balance, separate from the Real Balance. All bonuses are subject to wagering requirements that must be met within a specified period in order to withdraw any generated winnings. The wagering requirement indicates how many times the bonus (or bonus + deposit) must be wagered before winnings can be transferred to the withdrawable balance. Specific details (multiplier and time limit) are indicated in the promotion terms.

■ If the requirements are not met within the specified time, both the bonus and associated winnings will be forfeited. ■ Withdrawal attempts before completing the wagering may result in the cancellation of the bonus and related winnings. ■ System bets are not valid to meet wagering requirements.

**Prohibited Behaviors / Bonus Abuse** The following risk-free gaming strategies are not allowed: ● Betting simultaneously on red and black in roulette; ● Betting on both player and banker in the same baccarat round; ● Collusion between players (e.g., one bets on the player, the other on the banker); ● Use of multiple accounts to gain advantages; ● IP masking or VPN usage; ● Software manipulation or exploitation of bugs or loopholes.

In case of suspected or confirmed abuse: ● Cancel bonuses and winnings obtained; ● Block access to future bonuses; ● Close the account; ● Retain remaining funds in the account.

**Excluded Games / Irregular Play** Irregular play is prohibited, which may include: ● Increasing the balance with high bets and then switching to minimum bets to complete wagering; ● Use of "Double-Up" features or risk-free betting systems; ● Bets on games that do not contribute or contribute very little to wagering; ● Repeated and unjustified deposits/withdrawals to activate multiple bonuses.

If a player qualifies for multiple bonuses at the same time, only the highest value one will be assigned.

**Limitations and Right of Rejection** We reserve the right to modify or cancel a bonus in case of: ● Suspected abuse (e.g., exploiting bonuses without risk of own funds); ● Technical issues related to the bonus; ● Bonuses that, for any reason, cannot be executed as intended.

Bonuses are intended for recreational use. In case of misuse or fraudulent use, the account may be closed without prior notice and no refund will be granted.
